Thanks John.

Holt,

We may want to offer R9 staff to walk the Senator's staff through this document (or have them brief you so you can do it), at least to take them to the portions of the report that detail deep water disposal sites generally and show DDT volumes at the Catalina site specifically.

Hi Charles,

Here is the 1973 SCCWRP Report, discussion of Ocean Disposal begins on page 107.

We will reach out to our folks to get the DOI/NOAA Natural Resource POCs for the Montrose Settlements Restoration Project.

Here is a link to their webpage:

Thanks
John

Enrique and John,

We just got off the call with Sen Feinstein and while it well, I'm going to need the information below based on what she brought up.

NOAA and DOI POC's for the dump sites

Study shown to John during briefing with charts showing disposal area estimates

Thank you,

Charles Munoz
